Talentelgia Technologies

RE: Internship

Respected Ma'am

I am writing to express my interest in the Software Development Intern position at Talentelgia. I am confident that my skills along with my academic background and experience, make me a strong candidate for this position.

I am currently pursuing a B.E. degree from Thapar Institute of Engineering and Technology, where I have honed my technical skills in SQL and C++. My coursework and projects have provided me with a solid foundation in Android app development and web development.

My training and hands-on experience have equipped me with a strong foundation in problem-solving. I am proficient in analysing requirements and translating them into scalable and high-quality code. I would be grateful if you could review my resume and consider my application for this role.

Thank you for considering my application. I would greatly appreciate the opportunity to discuss how my skills and experiences align with the goals of Talentelgia Technologies.

Sincerely,
Rishabh Ahuja
